

Moho Nord

Rope Thimbles 587 to

Moho Nord is the latest project being developed in the Moho-Bilondo License which is owned 53.5% by its operator Total E&P Congo, a subsidiary of Total. Chevron and the Congolese state-owned oil company SNPC hold 31.5% and 15% interest respectively in the licence area.

„First oil production from the Moho Nord Subsea project is scheduled for 2015 with the total output expected to reach 140,000 barrels of oil equivalent per day by 2017.“
